

# MiGun Thermal Massage Bed

MORE THAN  
JUST A MASSAGE!

## *The MiGun Experience*

Everyday human beings use their back to support the weight of their body, which results in tremendous wear and tear, affecting their vertebrae, organs and body's chi. Without renewal and direct intervention this deteriorating effect will continue.

This is where MiGun steps in. Through the use of a thermal massage bed, which integrates thousands of years of Eastern medical wisdom with the technological advancements of Western medicine to provide you with a rejuvenating massage like no other. It's more than a massage it's a new way of healthy lifestyle.

### **5 MiGun Principles**

#### **Spinal Alignment:**

Restores structural integrity and relieves nerve interference by restoring vertebrae alignment with its patented technology.

#### **Far-Infrared:**

Increases function of tissue cells and enhances blood circulation.

#### **Acupuncture:**

Stimulates specific points of the body to recharge life force and bring proper balance.

#### **Acupressure:**

Temporarily blocks the circulation of Chi and the release jump starts the Chi movement to flush out the toxins.

#### **Massage:**

Makes muscles more agile and speeds recovery from injuries.

#### **Exercising Effects**

30 minutes on a MiGun Thermal Massage Bed is similar to an hour of jogging. It stimulates the tissues and nerves around the acupressure points, "awakening" the muscles that are usually not exercised. It also provides therapeutic heat deep into the tissues resulting in better blood circulation.

The MiGun Experience is more than a massage it's a new way of healthy living.

*FDA MiGun Thermal Massage System is approved by FDA as a Class II medical instrument under the 510K regulations, and can be used without a prescription.*
